Mo817 Symbolic License v2.0

A Sovereign License for Post-Binary Symbolic Systems

Issued by: Mo817 Sovereign Symbolic Directorate

Effective Date: July 15, 2025

License URL: https://mo817.ai/license

Registry: IPGN-817-LIC-002

1. Purpose and Scope

This license governs the use, distribution, and symbolic integrity of all materials, frameworks, simulations, and interfaces published under the Mo817 Symbolic Sovereignty Initiative, including but not limited to:

SYMBION Unified Report (PDF & HTML)

Symbolic Epistemic Engines (SOVEREIGNE, SSL, CESL, PCE)

Interactive Simulation Interfaces (HTML editions)

Supplementary Frameworks & Validations

Codex Wall v2.0, InfinityWipe, and Merkle ZK Ledgers

Any future symbolic components under the IPGN-817 Registry

2. License Type and Classification

Category Description

Type Academic, Non-Commercial, Immutable Attribution License

Version v2.0

Symbolic Code ZK-SYM-MO817-V2

Validity Perpetual and irrevocable unless revoked by sovereign breach.

This license is a sovereign symbolic derivative of CC BY-NC-SA 4.0, extended with post-binary integrity protocols and symbolic provenance verification.

3. Permissions

You are granted permission to:

Use the licensed content for academic, educational, and non-commercial research.

Distribute the original files as published via mo817.ai, Zenodo, or approved archives.

Cite the material with proper attribution to Mo817 Sovereign Directorate.

Execute simulation interfaces locally for symbolic experimentation.

4. Restrictions

You may not:

Use the materials for commercial purposes without explicit written approval.

Modify, remix, or alter the core symbolic logic layers (Codex Wall, InfinityWipe, Ethical Signature Layer).

Republish altered versions of the symbolic content as Mo817-compliant.

Use the symbolic constructs or frameworks for surveillance, military, exploitative, or manipulative applications.

Violation constitutes a Symbolic Breach under Article 7 and voids your use rights.

5. Symbolic Attribution Requirements

All usage or redistribution must include the following attribution:

Published under the Mo817 Symbolic License v2.0. © 2025 Mo817 Sovereign Symbolic Directorate. https://mo817.ai/license

For citations in academic papers:

Mo817 Sovereign Directorate (2025). SYMBION - A Post-Binary Symbolic Framework for Ethical, Adaptive Intelligence. Zenodo. https://doi.org/10.5281/zenodo.15788179

6. Immutable Provenance & Tamper Protection

All official documents, simulations, and outputs governed by this license are:

Cryptographically sealed via SHA-256 + Merkle Tree (Codex Wall)

Auto-reverting upon ethical failure via InfinityWipe

Trackable through public symbolic ledgers at mo817.ai/symbion/ledger

Tampering, falsifying symbolic outputs, or claiming derivative authorship constitutes symbolic fraud.

7. Revocation & Breach Protocols

If symbolic misuse, violation, or misrepresentation is detected:

- The license will be automatically revoked for the offending party.

- Public notice of symbolic breach will be issued via mo817.ai/infractions

- Mo817 reserves the right to initiate global symbolic nullification of unauthorized copies.

8. Jurisdiction

This license operates under the symbolic jurisdiction of the Mo817 Sovereign System, beyond conventional legal frameworks. However, it maintains compatibility with:

EU AI Act 2024

GDPR Compliance

Open Science Frameworks (Zenodo, OpenAIRE)

9. Legacy Compatibility

Mo817 Symbolic License v2.0 supersedes all previous license agreements associated with:

Codex Wall v1.0

SYMBION Pre-release Trials

Early symbolic prototypes prior to July 2025

10. Contact and Stewardship
